ASJ REALTY GROUP
CONFIGURATION MANAGEMENT POLICY

=====

Document ID: POL-CM-001
Version: 1.2
Effective Date: January 15, 2026
Review Date: January 15, 2027
Owner: IT Director, Marcus Webb
Approved By: CEO, Sandra Joiner

=====

1. PURPOSE

This policy establishes requirements for managing the configuration of all ASJ Realty information systems to ensure systems remain secure, consistent, and documented throughout their lifecycle.

2. SCOPE

Applies to all servers, workstations, laptops, network devices, and cloud systems used by ASJ Realty, including the property management platform, MLS integration systems, and all devices processing federal housing contract data.

3. ASSET INVENTORY

3.1 All hardware and software assets must be documented in the company IT Asset Register maintained in SharePoint.

3.2 The IT Asset Register includes:

- Device name and type
- Serial number / asset tag
- Operating system and version
- Installed software and versions
- Assigned user
- Location
- Date last inventoried

3.3 The asset inventory is reviewed and updated:

- When any device is added or removed
- Quarterly as part of the access review process
- Annually during the full system audit

4. BASELINE CONFIGURATIONS

4.1 ASJ Realty maintains approved baseline configurations for the following system types:

- Windows 11 Workstations (Baseline v3.1)
- Windows Server 2022 (Baseline v2.0)
- Meraki Network Devices (Baseline v1.5)
- Microsoft 365 Tenant Settings (Baseline v2.2)

4.2 Baselines are based on CIS Benchmarks (Level 1 minimum) and are reviewed annually.

4.3 Deviations from baseline require documented approval from the IT Director and are logged in the Deviation Register.

5. CONFIGURATION CHANGE CONTROL

- All changes to production systems require a Change Request ticket in the IT helpdesk system (Freshdesk)
- Emergency changes may be applied immediately but must be

documented within 24 hours

- Changes are reviewed for security impact before approval

6. DOCUMENTATION RETENTION

Configuration records and change logs are retained for 3 years.
