

=====

ASJ REALTY
LEAST FUNCTIONALITY POLICY

=====

Document ID: POL-CM-006
Version: 1.0
Effective Date: June 10, 2026
Review Date: June 10, 2027
Owner: Sandra Okonkwo, IT Coordinator
Approved By: Anthony James, Principal Broker

=====

1. PURPOSE

This policy requires that ASJ Realty information systems are configured to provide only essential capabilities, disabling or restricting unused functions, ports, protocols, and services.

2. ESSENTIAL CAPABILITIES DEFINED

Systems are configured to support only:

- Real estate transaction management (CRM)
- Microsoft 365 (email, Teams, SharePoint, OneDrive)
- Listing platform access (MLS, Zillow, Realtor.com)
- Financial/accounting software (QuickBooks)
- Video conferencing (Teams)

3. DISABLED / RESTRICTED BY DEFAULT

- Bluetooth: Disabled on all workstations (not business need)
- Remote Registry: Disabled (service set to Manual)
- Print Spooler: Enabled only on designated print server
- Telnet client: Not installed
- FTP client: Not installed (SharePoint/SFTP used instead)
- Internet Information Services (IIS): Not installed on any workstation or non-server system
- SMBv1: Disabled on all systems
- PowerShell remoting: Disabled on workstations (WinRM)
- Unused browser extensions: Removed via Intune

4. SOFTWARE ALLOW-LIST

Only approved software may be installed. Sandra Okonkwo maintains the approved software list and requests are reviewed before approval.

5. REVIEW

Sandra Okonkwo reviews running services on all systems quarterly using Intune device compliance reports.
