=====

1. PURPOSE

This policy requires that individuals are screened prior to being authorized access to ASJ Realty systems containing CUI.

2. SCREENING REQUIREMENTS

All personnel who will access CUI systems must undergo:

- a) Criminal background check (nationwide)
- b) Identity verification (government-issued ID)
- c) Reference check (minimum 2 professional references)
- d) Employment history verification (last 5 years)

3. TIMING

- Screening is completed BEFORE granting access to CUI
- New hires may access non-CUI systems during the screening period, but access to CUI systems is withheld until screening is complete and results reviewed by Anthony James

4. SCREENING PROVIDER

ASJ Realty uses HireRight (third-party background check service) for all employment screening. Results are shared only with Anthony James and Sandra Okonkwo.

5. ADVERSE RESULTS

- Any adverse finding is reviewed by Anthony James
- A determination is made case-by-case based on the nature, recency, and relevance of the adverse finding
- Access to CUI is not granted until Anthony James approves after reviewing adverse results

6. CONTRACTORS AND VENDORS

Third-party contractors who require regular unsupervised access to CUI systems must undergo equivalent screening. Contractors under supervision (short-term) require ID verification only.

7. RECORDS

Screening records retained per HireRight for 7 years.
Internal results summary retained in HR files (locked).
