

■ ACCESS CONTROL POLICY

Organization: Blue Ridge Technology Solutions LLC

Control: 3.1.18 - Mobile Device Connection Control

Version: 1.2 | Effective: 2026-01-15

Owner: Nathan Cruz, IT Manager | Approved: Victor Osei, Director of Operations

1. PURPOSE

This policy controls the connection of mobile devices to Blue Ridge Technology Solutions LLC systems and CUI networks, per NIST SP 800-171 Rev. 2 control 3.1.18.

2. SCOPE

All mobile devices (smartphones, tablets, laptops) connecting to Blue Ridge Technology Solutions LLC CUI systems.

3. REQUIREMENTS

- a. All mobile devices connecting to Blue Ridge Technology Solutions LLC CUI resources must be enrolled in Intune MDM.
- b. Non-enrolled personal devices may not access CUI systems or networks.
- c. Mobile devices must meet compliance requirements (encrypted, PIN-locked, current OS).
- d. Nathan Cruz approves mobile device enrollment requests from staff.
- e. Lost or stolen devices are remotely wiped within 4 hours of report.

4. RESPONSIBILITY

Nathan Cruz, IT Manager, manages the MDM solution and mobile device compliance.

5. ENFORCEMENT

Unenrolled mobile devices detected on CUI networks are blocked and reported.
