

■ACCESS CONTROL IMPLEMENTATION EVIDENCE

Organization: Blue Ridge Technology Solutions LLC

Control: 3.1.2 - Transaction and Function Access Limits

Prepared By: Nathan Cruz, IT Manager | Date: 2026-07-10

1. SUMMARY

Evidence that Blue Ridge Technology Solutions LLC restricts users to only the transactions and functions required for their roles.

2. ROLE ASSIGNMENT SUMMARY

Platform: Microsoft 365 / blueridgetech.com

- Victor Osei (Director of Operations): SharePoint Owner (CUI site), no admin portal access
- Nathan Cruz (IT Manager): Global Admin (restricted to IT functions only)
- Staff roles: Reader or Contributor on CUI SharePoint; no admin rights

GPO Applied: RoleBasedAccess-Blue Ridge Technology Solutions LLC-v2 enforced via Intune

3. SEMI-ANNUAL REVIEW

Date: 2026-06-15 | Reviewer: Nathan Cruz

Result: 1 role downgrade applied (user no longer requires editor rights). All others confirmed appropriate.

4. SYSTEM DETAILS

Workstation: BRTS-WS-001 | User: n.cruz@blueridgetech.com | Role: Standard User (CUI Read/Write)

5. CONCLUSION

Blue Ridge Technology Solutions LLC enforces role-based access limiting users to required transactions and functions per control 3.1.2.
