=====

1. PURPOSE

Blue Ridge Technology Solutions provides IT managed services to federal clients including defense contractors in the Charlottesville, VA area. This policy controls physical access to our office, server room, and all equipment processing Controlled Unclassified Information (CUI).

2. SCOPE

Applies to the primary office at 1420 Commerce Drive, Charlottesville, VA – including all work areas, the server room, storage closets, and any temporary workspace where CUI is processed.

3. PHYSICAL ACCESS CONTROLS

3.1 Building Entry

- Main entrance uses a key fob (HID ProxCard) system
- Key fobs are issued only to full-time employees
- Contractors and visitors are never issued a key fob
- Building access hours: 6:00 AM – 9:00 PM weekdays
- After-hours access requires manager approval in the access system and is logged automatically

3.2 Server Room Access

- Server room requires a secondary key fob + PIN code
- Only 3 personnel have server room access:
 - * Victor Osei (President)
 - * Donna Hartwell (Facilities Manager)
 - * Nathan Cruz (Lead Systems Engineer)
- Server room access is logged and reviewed weekly
- No visitors are ever permitted in the server room without escort by an authorized individual

3.3 CUI Work Area

- The CUI processing area (Office Suite B) is separated from the general office by a keyed interior door
- Clean desk policy enforced – no CUI left unattended
- Door must be closed and locked when not occupied

4. VISITOR MANAGEMENT

- All visitors sign in at the front desk with photo ID
- Visitors receive a dated visitor badge
- Visitors are escorted at all times by an employee
- Visitor log maintained at front desk and retained 1 year

5. ACCESS DEVICE MANAGEMENT

- Lost key fobs must be reported immediately – deactivated within 1 hour of report
- Key fobs are deactivated within 4 hours of termination

- Key fob inventory reviewed quarterly

6. REVIEW

Policy reviewed annually. Physical access log reviewed weekly.
