Version: 1.2 | Effective: 2026-01-15

Owner: Nathan Cruz, IT Manager | Approved: Victor Osei, Director of Operations

1. PURPOSE

This policy requires Blue Ridge Technology Solutions LLC to maintain audit logs of physical access to CUI facilities, per NIST SP 800-171 Rev. 2 control 3.10.4.

2. SCOPE

All physical access points to Blue Ridge Technology Solutions LLC CUI facilities.

3. REQUIREMENTS

- a. Physical access logs record each entry and exit from CUI areas.
- b. Logs include: individual identity, date, time, and access point.
- c. Physical access logs are reviewed monthly by Nathan Cruz.
- d. Anomalous physical access (after hours, weekends, unknown individuals) generates immediate review.
- e. Physical access logs are retained for 1 year.

4. RESPONSIBILITY

Nathan Cruz, IT Manager, maintains and reviews physical access logs.

5. ENFORCEMENT

Unauthorized physical access detected in logs is treated as a security incident.
