

■SYSTEM AND COMMUNICATIONS PROTECTION POLICY

Organization: Blue Ridge Technology Solutions LLC

Control: 3.13.12 - Collaborative Computing Devices

Version: 1.2 | Effective: 2026-01-15

Owner: Nathan Cruz, IT Manager | Approved: Victor Osei, Director of Operations

1. PURPOSE

This policy requires Blue Ridge Technology Solutions LLC to prohibit remote activation of collaborative computing devices and provide indication of use to present users, per NIST SP 800-171 Rev. 2 control 3.13.12.

2. SCOPE

All collaborative computing devices (cameras, microphones, screen sharing) at Blue Ridge Technology Solutions LLC.

3. REQUIREMENTS

- a. Cameras and microphones cannot be remotely activated without user awareness.
- b. Physical privacy covers are used on CUI workstations.
- c. Camera hardware indicators (LED) must be active when in use.
- d. Screen sharing requires explicit user action and consent.
- e. CUI spaces do not have always-on listening devices (smart speakers, voice assistants).

4. RESPONSIBILITY

Nathan Cruz, IT Manager, enforces collaborative device policies through GPO and physical controls.

5. ENFORCEMENT

Unauthorized camera/microphone activation is a critical incident.
