

■AUDIT AND ACCOUNTABILITY POLICY

Organization: Blue Ridge Technology Solutions LLC

Control: 3.3.2 - User Activity Audit Traceability

Version: 1.2 | Effective: 2026-01-15

Owner: Nathan Cruz, IT Manager | Approved: Victor Osei, Director of Operations

1. PURPOSE

This policy ensures Blue Ridge Technology Solutions LLC audit logs can be traced to individual users and processes to support accountability, per NIST SP 800-171 Rev. 2 control 3.3.2.

2. SCOPE

All CUI systems at Blue Ridge Technology Solutions LLC where user activity occurs.

3. REQUIREMENTS

- a. Audit records include user identity, timestamp, event type, source IP, and outcome.
- b. Shared accounts are prohibited to ensure individual traceability.
- c. User session IDs are included in all audit events.
- d. Audit records are sufficient to reconstruct user actions during an investigation.
- e. Nathan Cruz tests traceability during quarterly log reviews.

4. RESPONSIBILITY

Nathan Cruz, IT Manager, ensures log fields capture sufficient data for traceability.

5. ENFORCEMENT

Systems with insufficient audit traceability must be remediated within 30 days.
