

■CONFIGURATION MANAGEMENT POLICY

Organization: Blue Ridge Technology Solutions LLC

Control: 3.4.1 - Configuration Management

Version: 1.2 | Effective: 2026-01-15

Owner: Nathan Cruz, IT Manager | Approved: Victor Osei, Director of Operations

1. PURPOSE

This policy establishes Blue Ridge Technology Solutions LLC's requirements for maintaining baseline configurations of information systems, per NIST SP 800-171 Rev. 2 control 3.4.1.

2. SCOPE

All Blue Ridge Technology Solutions LLC hardware, software, and information systems that process, store, or transmit CUI.

3. REQUIREMENTS

- a. Nathan Cruz maintains an inventory of all hardware and software in the CUI environment.
- b. Baseline configurations are documented for all CUI systems.
- c. The inventory is reviewed and updated quarterly.
- d. New devices must be approved and configured per baseline before connecting to CUI networks.
- e. Deviations from baseline require documented justification and approval.

4. RESPONSIBILITY

Nathan Cruz, IT Manager, maintains the asset inventory and baseline configurations.

5. ENFORCEMENT

Unauthorized devices on the CUI network are removed immediately upon detection.
