

■IDENTIFICATION AND AUTHENTICATION POLICY

Organization: Blue Ridge Technology Solutions LLC

Control: 3.5.11 - Authentication Feedback Obscuring

Version: 1.2 | Effective: 2026-01-15

Owner: Nathan Cruz, IT Manager | Approved: Victor Osei, Director of Operations

1. PURPOSE

This policy requires Blue Ridge Technology Solutions LLC to obscure authentication feedback information to protect it from exploitation, per NIST SP 800-171 Rev. 2 control 3.5.11.

2. SCOPE

All Blue Ridge Technology Solutions LLC CUI system login interfaces.

3. REQUIREMENTS

- a. Password fields display asterisks or dots instead of the actual characters typed.
- b. Login failure messages do not reveal whether the username or password was incorrect.
- c. Authentication error messages provide no information that aids guessing.
- d. Debug authentication information is never displayed to end users.
- e. Nathan Cruz reviews authentication interface feedback annually.

4. RESPONSIBILITY

Nathan Cruz, IT Manager, ensures all login interfaces obscure authentication feedback.

5. ENFORCEMENT

Any interface that reveals password characters or specific credential errors must be immediately remediated.
