

■IDENTIFICATION AND AUTHENTICATION IMPLEMENTATION EVIDENCE

Organization: Blue Ridge Technology Solutions LLC

Control: 3.5.3 - Multifactor Authentication

Prepared By: Nathan Cruz, IT Manager | Date: 2026-07-10

1. SUMMARY

Evidence that Blue Ridge Technology Solutions LLC requires and enforces MFA for all CUI system access.

2. CONDITIONAL ACCESS POLICY

Policy Name: MFA-Required-All-Blue Ridge Technology Solutions LLC

Tenant: blueridgetech.com

Target: All users

Target Apps: All cloud apps (Microsoft 365, SharePoint, Exchange, Teams, Azure Portal)

Condition: Any network location, any device

Grant Control: Require MFA

Exclude: Emergency break-glass account (separate policy with hardware key requirement)

3. MFA FACTORS IN USE

Factor 1: Password (something you know)

Factor 2: Microsoft Authenticator App (something you have)

- Push notification (tap to approve)
- TOTP 6-digit code (backup)
- Number matching enabled (anti-MFA fatigue)

4. MFA ENFORCEMENT VERIFICATION

Date: 2026-07-01 | Tester: Nathan Cruz

Test: Attempt SharePoint CUI login with only password (no MFA)

Result: BLOCKED - "This resource requires additional authentication"

MFA prompt received on Authenticator App. PASS.

5. MFA ENROLLMENT

All 5 Blue Ridge Technology Solutions LLC users enrolled: 100%

Last enrollment: 2026-01-20 (new staff)

6. CONCLUSION

Blue Ridge Technology Solutions LLC enforces MFA on all CUI access via Conditional Access per control 3.5.3.
