

■IDENTIFICATION AND AUTHENTICATION IMPLEMENTATION EVIDENCE

Organization: Blue Ridge Technology Solutions LLC

Control: 3.5.6 - MFA for Non-Privileged Accounts

Prepared By: Nathan Cruz, IT Manager | Date: 2026-07-10

1. SUMMARY

Evidence that Blue Ridge Technology Solutions LLC requires MFA for all standard user accounts accessing CUI systems over the network.

2. CONDITIONAL ACCESS POLICY (Non-Privileged Users)

Policy Name: MFA-All-Users-Blue Ridge Technology Solutions LLC

Tenant: blueridgetech.com

Target: All users (includes non-privileged standard accounts)

Apps: All cloud apps

Condition: All network access (any location, any device)

Grant Control: Require MFA

This policy covers standard accounts in addition to privileged accounts (control 3.5.5).

3. MFA ENROLLMENT STATUS

Non-Privileged Standard Accounts:

User	Role	MFA Method	Enrolled	Status
------	------	------------	----------	--------

staff1@blueridgetech.com	Analyst	Authenticator App	2026-01-22	Active
--------------------------	---------	-------------------	------------	--------

staff2@blueridgetech.com	Coordinator	Authenticator App	2026-02-01	Active
--------------------------	-------------	-------------------	------------	--------

Victor Osei@blueridgetech.com	Director of Operations	Authenticator App	2026-01-20	Active
-------------------------------	------------------------	-------------------	------------	--------

Non-Privileged MFA Compliance: 3/3 (100%)

4. MONTHLY AUDIT

Date: 2026-07-01 | Auditor: Nathan Cruz

All standard accounts verified MFA-enrolled and policy-compliant.

MFA disabled for any account: 0

5. CONCLUSION

Blue Ridge Technology Solutions LLC requires and enforces MFA for all non-privileged user accounts via Conditional Access per control 3.5.6.
