

■MAINTENANCE POLICY

Organization: Blue Ridge Technology Solutions LLC

Control: 3.7.2 - Controlled Maintenance

Version: 1.2 | Effective: 2026-01-15

Owner: Nathan Cruz, IT Manager | Approved: Victor Osei, Director of Operations

1. PURPOSE

This policy requires Blue Ridge Technology Solutions LLC to provide controls on tools, techniques, mechanisms, and personnel who perform maintenance, per NIST SP 800-171 Rev. 2 control 3.7.2.

2. SCOPE

All maintenance activities on Blue Ridge Technology Solutions LLC CUI systems by internal staff or vendors.

3. REQUIREMENTS

- a. Vendor maintenance personnel are pre-approved by Victor Osei before being granted access.
- b. Vendor access is escorted by Nathan Cruz throughout the maintenance activity.
- c. Vendor tools and diagnostic software are inspected before use.
- d. Remote vendor access is monitored in real-time by Nathan Cruz.
- e. All vendor maintenance is logged with contact details, scope, and outcome.

4. RESPONSIBILITY

Nathan Cruz, IT Manager, controls and supervises all maintenance activities.

5. ENFORCEMENT

Unsupervised vendor access to CUI systems is prohibited.

Signed: Victor Osei, Director of Operations | Blue Ridge Technology Solutions LLC | 2026-01-15
