BUMPASS FIRE & RESCUE
ONGOING SECURITY CONTROL MONITORING POLICY

=====

Document ID: POL-CA-003
Version: 1.0
Effective Date: May 20, 2026
Review Date: May 20, 2027
Owner: Mike Sadler, IT Administrator
Approved By: Chief Randy Bowles

=====

1. PURPOSE

This policy establishes continuous monitoring of information system security controls to maintain awareness of the security posture of BFR systems.

2. MONITORING ACTIVITIES

2.1 Continuous (Automated)

- Microsoft Sentinel: real-time log analysis, alerts 24/7
- Microsoft Defender for Endpoint: threat detection
- Azure AD Identity Protection: anomalous sign-in detection
- Intune compliance monitoring: device compliance status
- Azure Defender for Cloud: cloud security posture

2.2 Weekly

- Mike Sadler reviews Sentinel incidents and alerts
- Mike Sadler reviews failed logon patterns
- Phishing simulation results reviewed (after campaigns)

2.3 Monthly

- Intune compliance report (all devices)
- Vulnerability management report (Defender)
- M365 Secure Score trend review
- Patch compliance status
- User access review (AD group membership)

2.4 Quarterly

- Physical security review (cameras, locks, access logs)
- GPO settings review (baseline compliance)
- Risk register review

2.5 Annual

- Full security control assessment (all 110 controls)
- POA&M review and update
- Security awareness training refresh

3. REPORTING

Monthly security status report provided to Chief Bowles.
Critical findings reported immediately.
