

■SYSTEM AND COMMUNICATIONS PROTECTION POLICY

Organization: Bumpass Fire & Rescue

Control: 3.13.3 - Security Function Separation

Version: 1.2 | Effective: 2026-01-15

Owner: Mike Sadler, IT Coordinator | Approved: Randy Bowles, Fire Chief

1. PURPOSE

This policy requires Bumpass Fire & Rescue to separate user functionality from information system management functionality, per NIST SP 800-171 Rev. 2 control 3.13.3.

2. SCOPE

All Bumpass Fire & Rescue CUI systems and the users who access them.

3. REQUIREMENTS

- a. System management functions (admin consoles, configuration tools) are accessible only to Mike Sadler.
- b. Standard users access only user-facing applications and cannot reach management interfaces.
- c. Administrative and user functions run in separate sessions and accounts.
- d. Management interfaces are not exposed on the same network segment as user desktops.
- e. Separation is verified during quarterly access reviews.

4. RESPONSIBILITY

Mike Sadler, IT Coordinator, implements and verifies security function separation.

5. ENFORCEMENT

Standard user accounts with management function access are immediately remediated.

Signed: Randy Bowles, Fire Chief | Bumpass Fire & Rescue | 2026-01-15
