

=====

BUMPASS FIRE & RESCUE
INSIDER THREAT AWARENESS TRAINING POLICY

=====

Document ID: POL-AT-002
Version: 1.0
Effective Date: March 1, 2026
Review Date: March 1, 2027
Owner: Mike Sadler, IT Administrator
Approved By: Chief Randy Bowles

=====

1. PURPOSE

This policy ensures all BFR personnel receive training on recognizing and reporting potential insider threat indicators.

2. REQUIRED TRAINING

All personnel with access to CUI-related systems complete:

- Annual Insider Threat Awareness training (KnowBe4 module)
- Phishing simulation tests (quarterly)
- Social engineering awareness module (annual)

3. TRAINING CONTENT

The insider threat module covers:

- Definition and types of insider threats (malicious, negligent, compromised)
- Behavioral indicators: unusual data access, after-hours activity, large downloads, removable media use
- Social engineering tactics: pretexting, vishing, phishing
- Reporting procedures: who to contact, how to report (email to Chief Bowles + Mike Sadler)
- Consequences of insider threat activity

4. REPORTING

Personnel who suspect insider threat activity must:

- Report immediately to Chief Randy Bowles
- Report to Mike Sadler for technical investigation
- Reports are confidential and protected from retaliation

5. COMPLETION TRACKING

Training completion tracked in KnowBe4 platform.

Non-completers are escalated to the Chief within 7 days of the training deadline.
