

■AUDIT AND ACCOUNTABILITY POLICY

Organization: Bumpass Fire & Rescue

Control: 3.3.8 - Audit Log Protection

Version: 1.2 | Effective: 2026-01-15

Owner: Mike Sadler, IT Coordinator | Approved: Randy Bowles, Fire Chief

1. PURPOSE

This policy protects Bumpass Fire & Rescue audit information and tools from unauthorized access, modification, and deletion, per NIST SP 800-171 Rev. 2 control 3.3.8.

2. SCOPE

All Bumpass Fire & Rescue audit records, logging infrastructure, and audit management tools.

3. REQUIREMENTS

- a. Audit logs are stored in a system where operational users cannot delete or modify records.
- b. Access to raw audit log data is restricted to Mike Sadler and authorized assessors.
- c. Audit log storage uses append-only or immutable storage mechanisms.
- d. Backup copies of audit logs are stored separately from production systems.
- e. Log access attempts are themselves logged.

4. RESPONSIBILITY

Mike Sadler, IT Coordinator, manages audit log access controls and immutability settings.

5. ENFORCEMENT

Any modification or deletion of audit records is treated as a security incident.
