

■INCIDENT RESPONSE IMPLEMENTATION EVIDENCE

Organization: Bumpass Fire & Rescue

Control: 3.6.1 - Incident Response Capability

Prepared By: Mike Sadler, IT Coordinator | Date: 2026-07-10

1. SUMMARY

Evidence that Bumpass Fire & Rescue maintains an operational incident response capability.

2. INCIDENT RESPONSE PLAN (IRP)

Document: Bumpass Fire & Rescue Incident Response Plan v2.1

Location: SharePoint/IT-Docs/Security/IRP.docx

Last Updated: 2026-01-10 | Approved by: Randy Bowles

IRP Sections:

1. Purpose and Scope
2. Incident Classification (Low/Medium/High/Critical)
3. Roles and Responsibilities (Mike Sadler = IR Lead, Randy Bowles = Executive Sponsor)
4. Detection and Reporting (1-hour reporting window)
5. Containment, Eradication, Recovery procedures
6. Post-incident review process
7. US-CERT reporting requirements (within 1 hour for CUI incidents)

3. ANNUAL TABLETOP EXERCISE

Date: 2026-04-15

Scenario: Phishing email leading to credential compromise of staff account

Participants: Randy Bowles, Mike Sadler, Staff-1

Duration: 2 hours

Outcome: All procedures followed. 1 gap identified (no out-of-band communication plan).

Gap Remediation: Personal cell phone contact list added to IRP (completed 2026-05-01).

4. IR CONTACTS
