BUMPASS FIRE & RESCUE
MAINTENANCE PERSONNEL AND TOOL CONTROLS POLICY

=====

Document ID: POL-MA-002
Version: 1.0
Effective Date: April 25, 2026
Review Date: April 25, 2027
Owner: Mike Sadler, IT Administrator
Approved By: Chief Randy Bowles

=====

1. PURPOSE

This policy establishes controls on maintenance tools, techniques, mechanisms, and personnel for BFR systems.

2. AUTHORIZED MAINTENANCE PERSONNEL

2.1 Internal

- Mike Sadler (IT Administrator) - authorized for all hardware and software maintenance on BFR systems

2.2 External (Third-Party)

- External maintenance vendors must be approved by Mike Sadler and Chief Bowles before performing any work
- External vendors must sign the BFR Vendor Access Agreement before being granted any system access
- External vendors are escorted by Mike Sadler at all times while on BFR premises with access to IT systems

3. MAINTENANCE TOOLS

3.1 Approved Tools

- Only tools from BFR's approved toolset may be used
- Approved software tools: Microsoft Sysinternals Suite, Nmap (internal use only), Wireshark, WinPE boot media
- Hardware tools: BFR-owned toolkit (labeled and stored in IT room)

3.2 External Tools

- Tools brought by external vendors must be inspected by Mike Sadler before use (checked for malware risk)
- USB-based diagnostic tools must be scanned with Defender before connection

4. REMOTE MAINTENANCE

Remote maintenance by external vendors requires a temporary VPN account (time-limited) and session is observed by Mike Sadler in real time.
