VENDOR MAINTENANCE VISITS - 2026

VISIT #1 - February 18, 2026
Vendor: Roanoke Tech Solutions LLC
Personnel: Dave Albright (field technician)
Purpose: Replace failed UPS battery - server room
Agreement: Signed BFR Vendor Access Agreement 02/16/2026
Escorted By: Mike Sadler (present entire visit)
Tools Used: Vendor's replacement UPS battery (inspected)
No software tools used
Systems Affected: APC UPS unit - no servers powered off
Outcome: Battery replaced successfully. UPS tested OK.

VISIT #2 - April 3, 2026
Vendor: Cisco SmartNet (TAC remote support)
Personnel: Cisco TAC Engineer (remote session)
Purpose: Diagnose ASA VPN config issue
Agreement: Cisco SmartNet contract (covers remote support)
Remote Session: Granted via temporary read-only console access
Observed By: Mike Sadler (monitored entire session in real time)
Duration: 45 minutes
Systems Affected: Cisco ASA 5506-X (read-only diagnostic)
No changes made during session (issue resolved via config guidance provided by TAC; Mike implemented the fix himself)
Outcome: VPN authentication issue resolved.

VISIT #3 - June 12, 2026
Vendor: Dell ProSupport (on-site hardware repair)
Personnel: Marco Torres (Dell technician)
Purpose: Replace failed NIC on BFR-SRV-001
Agreement: Dell ProSupport contract + BFR Vendor Agreement (signed)
Escorted By: Mike Sadler
Tools Used: Dell-supplied replacement NIC (inspected - sealed box)
USB diagnostic boot media: Scanned with Defender before use - CLEAN
Outcome: NIC replaced. Server back online within 2 hours.
