BUMPASS FIRE & RESCUE
SYSTEM MEDIA PROTECTION POLICY

=====

Document ID: POL-MP-001
Version: 1.0
Effective Date: May 1, 2026
Review Date: May 1, 2027
Owner: Mike Sadler, IT Administrator
Approved By: Chief Randy Bowles

=====

1. PURPOSE

This policy establishes controls for physically protecting and securely storing system media (both paper and digital) that contains CUI at Bumpass Fire and Rescue.

2. DIGITAL MEDIA PROTECTION

2.1 Servers and Workstations

- All digital media (hard drives, SSDs) in servers and workstations are physically secured within:
 - * Server room (locked, keypad access - Mike Sadler only)
 - * Locked workstations in secured building (alarm system)
- No removable drives or SSDs leave the server room without logging and authorization

2.2 Portable Storage

- BFR-issued USB drives (Kingston IronKey - encrypted): stored in locked IT cabinet when not in use
- No unencrypted digital media containing CUI is permitted

2.3 Mobile Devices

- Company iPhones stored in building or personally held by assigned officer at all times

3. PAPER MEDIA PROTECTION

- Paper documents containing CUI stored in locked filing cabinet in the Chief's office (combination lock)
- Key/combo held by Chief Bowles and Mike Sadler
- Paper CUI is not left unattended on desks
- Clean desk policy: CUI papers locked away at end of day

4. INVENTORY

Mike Sadler maintains a media inventory (SharePoint: IT/Media-Inventory.xlsx) of all removable digital media. Inventory is reconciled quarterly.
