

■MEDIA PROTECTION POLICY

Organization: Bumpass Fire & Rescue

Control: 3.8.8 - Unowned Portable Storage Prohibition

Version: 1.2 | Effective: 2026-01-15

Owner: Mike Sadler, IT Coordinator | Approved: Randy Bowles, Fire Chief

1. PURPOSE

This policy prohibits the use of portable storage devices when such devices have no identifiable owner, per NIST SP 800-171 Rev. 2 control 3.8.8.

2. SCOPE

All Bumpass Fire & Rescue CUI endpoints and removable storage found in or around Bumpass Fire & Rescue facilities.

3. REQUIREMENTS

- a. Unidentified or ownerless portable storage devices found in Bumpass Fire & Rescue facilities are quarantined and reported to Mike Sadler.
- b. Found storage devices are never connected to Bumpass Fire & Rescue systems without malware scanning and approval.
- c. The approved media register identifies the owner of every authorized device.
- d. Personnel are trained not to connect found USB drives or storage devices.
- e. Intune device control ensures only allowlisted devices connect to CUI endpoints.

4. RESPONSIBILITY

Mike Sadler, IT Coordinator, enforces the no-unowned-media policy and trains personnel.

5. ENFORCEMENT

Connecting an unowned device to a CUI endpoint is a security incident.
