

■ ACCESS CONTROL POLICY

Organization: Keith the Drone Guy LLC

Control: 3.1.12 - Remote Access Monitoring and Control

Version: 1.2 | Effective: 2026-01-15

Owner: Keith Merritt, Owner-Operator | Approved: Keith Merritt, Owner-Operator

1. PURPOSE

This policy establishes Keith the Drone Guy LLC's requirements for monitoring and controlling remote access sessions, per NIST SP 800-171 Rev. 2 control 3.1.12.

2. SCOPE

All Keith the Drone Guy LLC personnel and contractors who access Keith the Drone Guy LLC systems remotely.

3. REQUIREMENTS

- a. All remote access sessions are conducted through the approved VPN solution.
- b. Remote sessions are logged including user identity, source IP, and duration.
- c. Keith Merritt reviews remote access logs weekly.
- d. Simultaneous remote sessions for a single account are limited to 1.
- e. Remote access from non-managed devices is blocked.
- f. Anomalous remote access patterns generate immediate security alerts.

4. RESPONSIBILITY

Keith Merritt, Owner-Operator, manages the VPN solution and reviews remote access logs.

5. ENFORCEMENT

Unauthorized remote access attempts are treated as security incidents.
