

■ACCESS CONTROL IMPLEMENTATION EVIDENCE

Organization: Keith the Drone Guy LLC

Control: 3.1.5 - Principle of Least Privilege

Prepared By: Keith Merritt, Owner-Operator | Date: 2026-07-10

1. SUMMARY

Evidence that Keith the Drone Guy LLC employs least privilege principles across CUI systems.

2. PRIVILEGED ACCOUNT INVENTORY

Platform: Azure AD / Microsoft 365 (keithdroney.com)

Global Admin: Keith Merritt (1 account, used only for admin tasks; separate standard account for daily work)

SharePoint Admin: Keith Merritt only

Security Admin: Keith Merritt only

Standard Users: All other staff - no admin roles assigned

Azure AD PIM: Privileged Identity Management enabled for Global Admin role.

Activation requires MFA and business justification; max duration 8 hours.

3. QUARTERLY REVIEW

Date: 2026-06-30 | Reviewer: Keith Merritt

Result: 0 unnecessary privileged accounts found. 1 temporary access grant expired and was removed.

4. SYSTEM DETAILS

Workstation: KDG-WS-001 | Daily Account: k.merritt@keithdroney.com (Standard User)

Admin Account: k.merritt-adm@keithdroney.com (Privileged, PIM-gated)

5. CONCLUSION

Keith the Drone Guy LLC applies least privilege via PIM-gated admin roles and quarterly access reviews per control 3.1.5.
