

■SYSTEM AND COMMUNICATIONS PROTECTION IMPLEMENTATION EVIDENCE

Organization: Keith the Drone Guy LLC

Control: 3.13.10 - Cryptographic Key Management

Prepared By: Keith Merritt, Owner-Operator | Date: 2026-07-10

1. SUMMARY

Evidence that Keith the Drone Guy LLC manages cryptographic keys using Azure Key Vault.

2. KEY VAULT CONFIGURATION

Azure Key Vault: kv-k.merritt-cui

Resource Group: rg-Keith the Drone Guy LLC-cui

Location: East US (US-based)

Access Policy: RBAC mode

Key Vault Access (RBAC assignments):

- Keith Merritt (k.merritt@keithdroney.com): Key Vault Administrator
- Automation service principal: Key Vault Secrets User (read-only)
- Keith Merritt: No direct access

3. MANAGED KEYS AND CERTIFICATES

Key/Secret Name	Type	Rotation	Last Rotated	Expiry
-----------------	------	----------	--------------	--------

BitLocker-RecoveryKey	Secret	Annual	2026-01-01	2027-01-01
-----------------------	--------	--------	------------	------------

TLS-Cert-keithdroney.com	Certificate	Annual	2026-02-01	2027-02-01
--------------------------	-------------	--------	------------	------------

AppReg-ClientSecret	Secret	Annual	2026-03-01	2027-03-01
---------------------	--------	--------	------------	------------

SMTP-Auth-Password	Secret	Annual	2026-01-01	2027-01-01
--------------------	--------	--------	------------	------------

4. KEY AUDIT LOG (sample - last 30 days)

2026-07-01	k.merritt@keithdroney.com	SecretGet	BitLocker-RecoveryKey	Success
------------	---------------------------	-----------	-----------------------	---------

2026-07-08	automation-sp	SecretGet	SMTP-Auth-Password	Success
------------	---------------	-----------	--------------------	---------

No unauthorized access attempts detected.

5. KEY ROTATION SCHEDULE

All keys scheduled for annual rotation. Next rotation: January 2027.

Rotation alert configured in Azure Monitor - notifies Keith Merritt 30 days before expiry.

6. CONCLUSION

Keith the Drone Guy LLC manages all cryptographic keys in Azure Key Vault with annual rotation and audit logging per control 3.13.10.
