=====

1. PURPOSE

This policy prohibits remote activation of collaborative computing devices (cameras, microphones, screen sharing) and provides indication of use to users.

2. COLLABORATIVE COMPUTING DEVICES AT KDG

- Laptop webcams (KDG-LT-001, KDG-LT-002)
- Laptop microphones
- Microsoft Teams screen sharing
- Conference room camera (Logitech Rally - meeting room only)

3. REMOTE ACTIVATION PROHIBITION

Collaborative computing devices must not be remotely activated without the knowledge and consent of the user:

- Webcam access by remote applications: prohibited unless the application is approved and the user initiates the session
- Microphone access by background processes: prohibited
- Screen sharing: user must explicitly initiate (Teams)

4. TECHNICAL CONTROLS

- Camera and microphone access controlled by Windows privacy settings (apps must request and be approved)
- Intune policy blocks camera/microphone access for unapproved applications
- Physical webcam covers provided to all laptop users

5. INDICATOR OF USE

- Windows shows a camera/microphone indicator light (orange LED) when camera or microphone is active
- Teams shows an on-screen indicator when screen sharing is active
- Users are trained to watch for unexpected camera/mic activation

6. CONFERENCE ROOM CAMERA

- Physical power switch on conference room camera
- Camera is powered off when room is not in use
