KEITH THE DRONE GUY LLC
SECURITY AWARENESS AND TRAINING POLICY

=====

Document ID: POL-SEC-001
Version: 1.0
Effective Date: February 1, 2026
Review Date: February 1, 2027
Owner: Keith Anderson, Owner/Operator

=====

1. PURPOSE

Keith the Drone Guy LLC performs aerial survey and mapping services under federal contracts, including work for the Army Corps of Engineers and USDA. Personnel with access to CUI data, drone flight logs, and federal imagery must understand security risks and how to protect sensitive information.

2. SCOPE

Applies to Keith Anderson (owner), all subcontractors, and any part-time staff who access company systems or handle federal contract data.

3. TRAINING REQUIREMENTS

3.1 Initial Training

All new employees and subcontractors must complete security awareness training BEFORE receiving system access. Training covers:

- What is CUI and how to identify it
- Acceptable use of company systems
- Password security and MFA setup
- Phishing and social engineering awareness
- How and when to report security incidents
- Physical security of drone equipment containing CUI data

3.2 Annual Refresher Training

All personnel complete annual refresher training by January 31 of each year. Training is delivered via KnowBe4 platform and takes approximately 45 minutes.

3.3 Phishing Simulations

Quarterly simulated phishing emails are sent to all personnel. Any employee who clicks a simulated phishing link is required to complete additional targeted training within 5 business days.

3.4 New Threat Training

When a significant new threat is identified (e.g., new malware campaign targeting drone operators), Keith Anderson will notify all personnel via email and require acknowledgment within 48 hrs.

4. TRAINING RECORDS

Completion certificates and training records are maintained by Keith Anderson in the company SharePoint training folder for a minimum of 3 years.

5. ACKNOWLEDGMENT

All personnel sign an Annual Security Awareness Acknowledgment Form confirming they have read and understood this policy and completed the required training.

6. ENFORCEMENT

Personnel who fail to complete required training within the allotted time will have system access suspended until training is complete.
