

■AUDIT AND ACCOUNTABILITY POLICY

Organization: Keith the Drone Guy LLC

Control: 3.3.2 - User Activity Audit Traceability

Version: 1.2 | Effective: 2026-01-15

Owner: Keith Merritt, Owner-Operator | Approved: Keith Merritt, Owner-Operator

1. PURPOSE

This policy ensures Keith the Drone Guy LLC audit logs can be traced to individual users and processes to support accountability, per NIST SP 800-171 Rev. 2 control 3.3.2.

2. SCOPE

All CUI systems at Keith the Drone Guy LLC where user activity occurs.

3. REQUIREMENTS

- a. Audit records include user identity, timestamp, event type, source IP, and outcome.
- b. Shared accounts are prohibited to ensure individual traceability.
- c. User session IDs are included in all audit events.
- d. Audit records are sufficient to reconstruct user actions during an investigation.
- e. Keith Merritt tests traceability during quarterly log reviews.

4. RESPONSIBILITY

Keith Merritt, Owner-Operator, ensures log fields capture sufficient data for traceability.

5. ENFORCEMENT

Systems with insufficient audit traceability must be remediated within 30 days.
