

■ INCIDENT RESPONSE IMPLEMENTATION EVIDENCE

Organization: Keith the Drone Guy LLC

Control: 3.6.3 - Incident Response Testing

Prepared By: Keith Merritt, Owner-Operator | Date: 2026-07-10

1. SUMMARY

Evidence that Keith the Drone Guy LLC tests its incident response capability annually.

2. TABLETOP EXERCISE REPORT

Exercise Date: 2026-04-15

Facilitator: Keith Merritt

Participants: Keith Merritt (Owner-Operator), Keith Merritt (Owner-Operator), Staff-1

Duration: 2 hours

Scenario:

"A Keith the Drone Guy LLC employee receives a spear-phishing email impersonating the DoD contracting officer.

The employee clicks the link, enters credentials on a fake portal, and unknowingly grants an attacker access to their Microsoft 365 account."

3. EXERCISE WALKTHROUGH RESULTS

Phase | Action Taken | Pass/Fail

Detection | Sentinel alert fired on suspicious login | Pass

Containment | Account disabled within 15 minutes | Pass

Communication | Keith Merritt notified within 30 minutes | Pass

Evidence Collection | Logs exported from Sentinel | Pass

Eradication | Password reset, MFA re-enrolled | Pass

US-CERT Reporting | Criteria evaluated - not required | Pass (no CUI exfil confirmed)

Recovery | Account restored, monitoring enhanced | Pass

4. GAPS IDENTIFIED

Gap 1: No out-of-band contact method if email system compromised

Remediation: Cell phone list added to IRP | Completed: 2026-05-01 | Owner: Keith Merritt

5. CONCLUSION

Keith the Drone Guy LLC completed annual IR tabletop exercise with documented results and gap remediation per control 3.6.3.
