MONEY STRAIGHT TALK LLC
SESSION LOCK AND SCREEN TIMEOUT POLICY

=====

Document ID: POL-AC-010
Version: 1.0
Effective Date: January 10, 2026
Review Date: January 10, 2027
Owner: Terrell Banks, Systems Administrator
Approved By: Camille Odom, Managing Director

=====

1. PURPOSE

This policy requires that all company workstations and laptops automatically lock after a period of inactivity, using a pattern-hiding display (screen saver or blank screen) to prevent unauthorized viewing of CUI.

2. REQUIREMENTS

2.1 Inactivity Timeout

- Workstations: 15 minutes of inactivity triggers lock
- Laptops: 10 minutes of inactivity triggers lock
- Servers (console sessions): 5 minutes triggers lock

2.2 Screen Lock Display

- Upon lock, screen must display a blank screen or pattern (not a transparent/see-through saver)
- The desktop and any open documents must not be visible
- Password required to unlock

2.3 Password Requirements

- User must re-authenticate with their domain password to unlock a locked session
- Multi-factor authentication is not required at unlock (MFA is required at initial logon per POL-IA-001)

3. ENFORCEMENT

Enforced via Group Policy Object (MST-Screen-Lock-Policy).
Users cannot override the timeout setting.

4. EXCEPTIONS

No exceptions are permitted for CUI-handling workstations.
