MONEY STRAIGHT TALK LLC
REMOTE PRIVILEGED COMMAND EXECUTION POLICY

=====

Document ID: POL-AC-015
Version: 1.0
Effective Date: January 12, 2026
Review Date: January 12, 2027
Owner: Terrell Banks, Systems Administrator
Approved By: Camille Odom, Managing Director

=====

1. PURPOSE

This policy restricts the remote execution of privileged commands to only those cases with documented operational need.

2. POLICY STATEMENT

Remote execution of privileged commands (commands requiring elevated or administrative rights) is authorized ONLY when:

- a) There is a documented operational need (e.g., emergency maintenance, after-hours system recovery), AND
- b) The execution is performed through the approved VPN remote access channel, AND
- c) Camille Odom has provided written approval (email) before the privileged remote session begins (except for P1 emergencies, where approval is obtained within 2 hours)

3. PROCEDURE

3.1 Planned Privileged Remote Work

- Terrell Banks submits a Change Request in the IT ticketing system describing: what, why, when, and estimated duration
- Camille Odom approves the request
- Session is logged automatically via VPN + Windows audit log

3.2 Emergency Privileged Remote Work (P1 Incidents)

- Terrell Banks documents the emergency in the ticket system
- Remote privileged work proceeds via VPN
- Approval from Camille Odom obtained within 2 hours
- All commands executed are noted in the ticket

4. LOGGING

All remote privileged sessions are captured in:

- VPN gateway session log (connection records)
- Windows Security Event Log (Event IDs 4624, 4672, 4688)
- IT ticketing system (change records)
