MONEY STRAIGHT TALK LLC
MALICIOUS CODE PROTECTION UPDATE POLICY

=====

Document ID: POL-SI-004
Version: 1.0
Effective Date: March 15, 2026
Review Date: March 15, 2027
Owner: Terrell Banks, Systems Administrator
Approved By: Camille Odom, Managing Director

=====

1. PURPOSE

This policy requires that malicious code protection mechanisms are updated when new releases are available to maintain effective protection against evolving threats.

2. APPROVED PROTECTION SOFTWARE

Primary: Microsoft Defender for Endpoint (Plan 2)
Secondary (email): Microsoft Defender for Office 365

3. UPDATE REQUIREMENTS

3.1 Signature Updates

- Defender security intelligence updates: automatic
- Update frequency: Every 2 hours (Defender default)
- Maximum signature age allowed: 24 hours
- Devices offline > 24 hours: priority update on reconnection

3.2 Platform and Engine Updates

- Defender platform updates: deployed via Windows Update monthly (Patch Tuesday) or sooner if critical
- Engine updates: automatic (separate from signature updates)

3.3 Intune Compliance Enforcement

- Intune compliance policy checks:
 - * Defender signature age <= 24 hours (required)
 - * Defender real-time protection = ON (required)
 - * Non-compliant device: blocked from company resources

4. MONITORING

- Terrell Banks monitors Defender update status in the Defender portal and Intune compliance dashboard weekly
- Alerts are generated if any device falls behind on updates

5. OUT-OF-DATE RESPONSE

- If a device has signatures older than 24 hours:
- Intune compliance: NON-COMPLIANT flag
 - Device blocked from M365 access until updated
 - Terrell Banks investigates root cause
