MONEY STRAIGHT TALK LLC
INCIDENT RESPONSE POLICY AND PLAN

=====

Document ID: POL-IR-001
Version: 1.3
Effective Date: April 1, 2026
Review Date: April 1, 2027
Owner: Terrell Banks, Systems Administrator
Approved By: Camille Odom, Managing Director

=====

1. PURPOSE

This policy establishes Money Straight Talk's capability to prepare for, detect, contain, recover from, and report cybersecurity incidents affecting company systems and CUI under our Department of Defense financial education contracts.

2. INCIDENT CATEGORIES

Category 1 – LOW: Unsuccessful phishing attempt, minor policy violation, single failed login event
Category 2 – MEDIUM: Malware detected (contained), account compromise (single non-admin), data loss minor
Category 3 – HIGH: Active ransomware, CUI breach, multiple accounts compromised, system-wide outage

3. INCIDENT RESPONSE PHASES

3.1 PREPARATION

- Incident Response Team (IRT):
Lead: Terrell Banks (Systems Administrator)
Backup: Camille Odom (Managing Director)
- Contact list maintained in secure SharePoint folder
- IR tools pre-staged: forensic USB, backup credentials, out-of-band communication list
- Annual tabletop exercise conducted each March

3.2 DETECTION AND ANALYSIS

- Incidents detected via Azure Sentinel alerts, user reports, or vendor notifications
- All potential incidents logged in IR Tracker (SharePoint) within 1 hour of detection
- Severity assigned by Terrell Banks within 2 hours

3.3 CONTAINMENT

- Cat 1: Monitor and document. No isolation required.
- Cat 2: Isolate affected device from network immediately. Preserve logs before any remediation.
- Cat 3: Isolate all affected systems. Notify Camille Odom immediately. Consider engaging IR vendor (Coalfire).

3.4 RECOVERY

- Restore from last clean backup (Azure Backup)
- Verify system integrity before reconnecting to network
- Document all recovery actions in IR ticket

3.5 POST-INCIDENT REVIEW

- After-action report completed within 5 business days
- Lessons learned shared with all staff
- Policy/procedure updates made as needed

4. REPORTING REQUIREMENTS

- Cat 3 incidents involving CUI must be reported to US-CERT (CISA) within 72 hours
- DoD contracting officer notified within 72 hours for any CUI-related incident
- Internal management notified immediately for Cat 2+

5. TESTING

Tabletop exercise conducted annually each March.

Last exercise: March 12, 2026 (see Exercise Report EX-2026-01)
